In support of Fountain of Life Healing School:

I have known Kathi Register and Donna Crow for more than 11 years. Kathi has been such a spiritual support for me. She has played a very vital part in my spiritual growth. She has prayed with me many, many times and prays with such power. She knows the Word of God and brings it forth with each prayer she prays. It feels like Jesus is sitting right with us; the anointing is strong and powerful. Her wisdom is given with such love, and tenderness, you are not only touched, but blessed beyond words.

When I first met Kathi my health was a mess. I was asthmatic, on 3 different inhalers, had many colds, and stomach problems exacerbated by the stresses in my life. Kathi was immediately eager to support me and helped me with nutrition, EFT, and lots of prayer. I am now asthma free, and with the help of EFT, am much more able to cope with the unique challenges that life has thrown at me.

I have become much freer, happier and healthier by applying the things I have learned from both Kathi and Donna. Together they are such a team, of knowledge in nutrition, God's Word, and their own personal experiences. I am truly blessed to know these two outstanding women of God. I credit my success to God, and the encouragement I have received from both Kathi and Donna at Fountain of Life Healing School.

Sincerely,

Sue Cole
